***Hillsboro, Kansas Press Release on Arts & Crafts Show (2 pages)**

**SATURDAY
SEPT 17, 2016
HILLSBORO, KANSAS**

It's not the coffee can label that invites you in!
 The small town of 3,000 residents that resides in and around Hillsboro, KS invites you in for a cup of coffee and more...with 280 exhibiting Arts and Craft vendors scheduled in cohesive or conjunction with 23 food vendors.

A few small shops that reside in the small town contain rare finds for purchase. For example, a child's toy set made of porcelain sold in a woven well-made tinwood bucket with clanging bells in front. The toy parties you read about or a child reads or hears about with the Winnie-the-Pooh really exist. Fairytales read for fun might be brought in to add to the healthy imagination of a child that does not have to live a dream of wandering if it is too pretty would had happened. Kansas like Illinois and Wisconsin *does not* have classes in the high school that teach the basic survival skills of sewing and food preparation. A fabric shop, consider it a *survival shop*, host a variety of quilts (ready for purchase pieced together or quilts in blocks ready for purchase to be sewed together), fabrics, and area artials. The area artists include hand-outstanding fish charts and jewelry. Along with classes on sewing and there are shop hops on fabrics. See Kessier Creations for more information on the Shop Hops and visit the shop in Hillsboro town in Kansas while at the Arts & Crafts fair. The Shop "Kessier Creations", www.kessiercreations.com

Pictured shows a pieced fabric piece quilt pie together for purchase.

Pictured shows a hand-embroidered square of a quilt.

Pictured shows a "Barnak" in a small paper plate.

Hillsboro, the food votes with a traditional food from a religious group of peace believing Mennonites. The small town Mennonite bakery makes the traditional Mennonite lunch biscuit called "Barnack". Hand-made of yeast rising dough bread filled with hamburger, sausage and cabbage baked along with spices. Very tasty and filling. Though suggested mustard or another condiment for added taste for some. The "Barnack" that this bakery makes needs NO added condiment. Suggested that you take a taste before you add the condiment. Two other traditional foods sold are the "Veronka" that is a half-moon shaped food comparable to a nutcracker with cottage cheese and a dinner roll hand-made rolled of yeast rising baked dough called "Zwieback". At the Bakery Shop "Nosei Fambakery L.L.C." www.noseifarms.com

Hillsboro invites you in for the cup of coffee to experience the additional Arts and Crafts of the traditional annual fair that takes on its 47th Year 2016 with renewed vendors that have attended since 1969. You could experience sausage on a stick to the traditional funnel cakes of a state fair. With close to 300 vendors that include food every year, you'll find a wide variety of arts & crafts and food. Proceeds from vendor space rental goes toward clean-up and supporting Arts & Crafts in the community- some are scholarships.

For additional information, give Peat Schender a call 620 947-3506 or check the website www.hillsborovendorsatthefair.org Includes vendor rental set off time for next year. Contact writing prompt by www.sightwordsataglance.com
