### Premeditated Murder on your soul

The pastor listened to the confession in a prayer that was said in verbal sound. It could be heard in the entire sanctuary. The voice of the youth that represented many in the same -men, women and children.

*Dear God was heard. Forgiveness was asked for....*

The voice of a pastor interjected at the end with the question "What do think God will say to you in your day of testimony in front of Him when you tell Him that you used Jesus name to assign to another so you could become the modern day Pharisee in present time? " "Will God forgive you and others the same in using Jesus name as a war weapon?"

The voice of the youth quiet that represented many in the same -men, women and children...folded and intertwined their hands for prayer.

"Premeditated Murder on your soul" the voice of a pastor interjected with a pause "The knowing that all sins are forgiven through Jesus Christ if you believe in Him ." the pastor paused..."To leave the day of church resolved from sin from the interpreter for God's word ." " "Knowing you plan to commit the same sin in advance of forgiveness before prayer" ... "Sins were to be worked on to Not repeat and continue"... "then to leave knowing you plan to repeat in advance of leaving the church." The pastor paused...then said, "Don't put yourself in Hell before God when you stand before Him."

The pastor bowed his head in prayer and prayed for the voice of the youth that represented many in the same -the men, the women and the children.

"The Word of the Lord ..may it come true ..Do not use God's name in vain and become God... or become the Devil", the pastor continued to pray.
